COUNTESS SECURES DIVORCE FROM BONI

End of Famous Case Comes Suddenly.

DECREE VICTORY FOR COUNTESS

The Count's Demand for $50,000 Annual Allowance Was Pronounced by Court To Be Without Foundation of Law, and Was Rejected.

Paris, Nov. 15.—The Tribune of first instance of the Seine, Judge Ditte presiding, at noon Wednesday granted a divorce to the Countess de Castellane (formerly Anna Gould, of New York), and gave her the custody of her children who, however, will not be allowed to be taken from France without the consent of their father, Count Boni de Castellane.

The end of the famous case came suddenly. The court brushed aside the demand of the count's lawyers for an examination of witnesses and, as reported, the public prosecutor did not even ask to be heard.

As soon as the court assembled Judge Ditte handed down the judgment, which is a sweeping victory for the countess. In granting her petion for divorce, the court gave the countess the custody of her children, the count being allowed only the usual rights to see them and share in the control of their education, which was not contested.

The count is given the right to see the children at stated periods at the home of their grandmother and keep them a month annually during the holidays.

The count's demand for an "alimentary allowance of $50,000 annually," was pronounced by the court to be without foundation in law, and was rejected.

The only point decided in the count's favor was the imposition of the inhibition on the countess to take the children out of France without their father's consent.

The court appointed the President of the Chamber of Notaries to liquidate the affairs of the husband and wife.

The judgment was given with costs against the count. The decree, the reading of which hardly consumed 5 minutes, was delivered by the judge in a voice so low as to be practically inaudible to the eager crowd filling the court room. Many women had climbed upon their chairs in vain effort to hear the decision, and when they were aware that a divorce was granted, they seemed actually to resent the loss of a public trial at which people of high society would be compelled to testify.

Anna Gould, the youngest daughter of the late Jay Gould, was married to Count Ernest Boniface de Castellane, the eldest son of the Marquis de Castellane, at the New York residence of her brother, George J. Gould, March 4, 1895, the late Archbishop Corrigan officiating. Miss Gould's dowery was understood to have been $18,000,000, and it was further stated that her income was $600,000 a year. Immediately after the marriage the couple left the United States for France, where the extravagant manner in which they lived attracted considerable attention. About five years after the marriage, the Count and Countess de Castellane were reported to be financially embarassed, it being alleged that the count had already spent about $7,000,000 of his wife's money. An adjustment of the affairs of the count and countess became necesary, and considerable litigation followed, with the result that the Gould family intervened and the income of the countess was cut down to $200,000.

On February 5, of the present year, the Countess de Castellane entered a plea for divorce, the hearing of which began before Judge Ditte, Maitre Crumpl, appearing for the countess and Maitre Bonnet for the court. Evidence in the shape of correspondence between the count and women was presented and the case was adjourned to November 7, when the final pleas were made and the suite adjourned until Nov. 14. On the following day, Nov. 8, the case of the count's creditors was presented to the court and adjourned for two weeks.

The three children of the Castellanes are George, Boni and Jay, the youngest being the namesake of his mother's father, the late Jay Gould.

Four Burned to Death.

Coldwater,, Mich., Nov. 15.—Mrs. Charles Mowry and her three children, Homer, aged 6 years, Louis, aged 3 years, and a baby of 6 months, were burned to death early Wednesday in their home on a farm at Batavia station, some miles southwest of this city. Charles Mowry, the husband and father, rose early and built two fires in the house. He then went to the barn to do chores and while there discovered that his house was afire. He rushed back, but the flames had made such headway that he could not enter the house, and his calls through the windows to his family brought no respone. It is thought that the mother and the children were suffocated to death while asleep.

New Counterfeit 10-Dollar Note.

Washington, Nov. 15.—The United States secret service announces the discovery of a new counterfeit $10 "Buffalo" United States note. This counterfeit is apparently a photographic production printed on two pieces of paper with silk fibre distributed between them. The face of the note is grayish black. The numbering, seal, large X 10 are of good color and workmanship. The check letter and plate number do not appear in the lower right hand corner. The back of the note is a dark bluish green. By itself, this counterfeit is apt to deceive, but when handled with genuine notes, the marked difference in the color of the back should lead to its immediate detection.

BRUTAL ASSAULT ON WHITE WOMAN

Negro Assailant Lodged In the Tower.

THE NEGRO DENIES HIS GUILT

Armed With Gun, Negro Invades a Home Beyond West End and Twice Assaults Helpless Woman—Assailant Captured, Identified and Jailed.

Atlanta, Nov. 15.—A brutal criminal assault was made on Mrs. J. N. Camp, at her home on Cascade avenue, some three miles from Atlanta, between West End and East Point, by Joe Glenn, a negro man 30 years of age. The negro was captured yesterday afternoon by Lieutenant Dunbar and Officer Robinson, of the county police, carried before his victim and identified by her, after which he was hurried to the Fulton county jail, where he will remain until tried for his heinous crime.

Mrs. Camp was in her kitchen attending to her houshold duties. She and her one-year-old baby being the only occupants of the house, when the negro walked into the peaceful and quiet little home. Armed with a single-barreled shotgun, the negro threatened Mrs. Camp with death if she resisted, and upon her offering resistance, she was brutally attacked and thrown on the floor. Pulling a piece of raw hide from his pocket, the negro tied it around Mrs. Camp's neck and drew it so tight that she all but fainted, after which he criminally assaulted her.

The negro then proceeded to rifle the house, searching trunks, bureaus and closets, after which he returned to his helpless victim in the kitchen.

Picking her up bodily the negro threw Mrs. Camp upon a bed in the kitchen, again accomplishing his nefarious purpose. His victim fainted and was unable to say what direction the negro took upon leaving the house. An hour after the assault she recovered consciousness gave the alarm to neighbors and the county police were quickly upon the track of the negro.

He was tracked to a negro house on the farm of W. F. Poole, and arrested by County Officers Dunbar and Robinson, who immediately took him before Mrs. Camp. When the negro was brought before his victim, she arose from her bed, exclaiming:

"You are the man."

Then, before her purpose could be anticipated, Mrs. Camp seized a large revolver of Officer Dunbar's and attempted to shoot her assailant, being disarmed, however, before she could fire.

A crowd quickly collected about the little home, and threats against the negro's life were freely made, but the officers held them at bay.

The negro was taken up the road, and here another attempt was made to shoot him by a man who ran out to intercept the party, but he was prevented from carrying out his purpose by the officers.

After handcuffing and tying the negro with a rope, Officer Dunbar mounted his horse and forced the negro to run along at a brisk pace until out of reach of the crowd, until Nesbit's store was reached at the end of the West End car line. After this point was reached no further trouble was experienced.

The negro denied his guilt, claiming that he was at his home all day, but Mrs. Camp, although in a semi-conscious state after his first attack upon her, gave a description of the negro and his clothing, which corresponded exactly with his appearance. The negro admitted that he once owned a shotgun, but claimed to have disposed of it several months ago.

Judge Roan, of the superior court, criminal division, called a special term of the court Wednesday for Thursday, when Joe Glenn, the negro arrested Tuesday, by the county police, and identified by his victim, will be arraigned for criminal assault upon Mrs. J. N. Camp, of Cascade avenue, beyond West End.

MOULTRIE FIRE DESTRUCTIVE.

$15,000 Werth of Property Destroyed. Half Covered by Insurance.

Moultrie, Ga., Nov. 15.—The Kathleen theater was destroyed by fire here Tuesday afternoon, about 5 o'clock. The fire was first discovered in one of the dressing rooms, and was getting good headway when the alarm was turned in.

The fire department responded very promptly, but was unable to save the building by heroic work. The adjoining buildings on either side were saved, though slightly damaged. The origin of the fire is unknown. The Munford orphan band gave a concert in the opera house the night before, and no one had been in the building since, so far as known.

The building was owned by A. Huber, of this city, and was valued at about $10,000, and was insured for $4,250 in the German-Amerian, and the Pennsylvania. The law office of T. W. Mattox was in the building, and his library was destroyed. This was insured for $600 in the Queens Insurance company. The Moultrie Sporting Goods company was located in the building, and most of their merchandise stock was damaged or destroyed. The stock was worth about $3,000, and was insured for only $1,000. The dry goods stock of M. Schlessberg, in the same building, was partly destroyed, and the remainder badly damaged in being carried out of the building. There was no insurance on this stock. The grocery stock of W. E. Applewhite, which was partly insured, was also damaged, but the entire loss will aggregate about $15,000, with insurance to cover about half the loss.

Melting Snow Causes Flood.

Tacoma, Wash., Nov. 15.—Swamped by a succession of warm rains, the snow on the western slopes of the Cascade mountains has melted and flowed into the river at the base of the mountains, thereby resulting in one of the worst floods in this section of the country for years. All bridges have been swept away, telegraph and telephone wires are down, the train service of the Northern Pacific is completely deranged and up to the present time one life has been lost. The whole country between Auburn and the Cascade mountains is reported to be flooded. The full extent of the danger and damage is difficult to ascertain, as all wire communication is interrupted.

Discover Good Ideas.

New York, Nov. 15.—After two day's investigaton, the English teachers, who came here to study our methods of education, have discovered several good ideas, which they intend to suggest to the authorities in England. They like our system of medical inspection, our law which requires children between the ages of 14 and 16 years to attend evening schools, if they worked in the day time, our discipline, which they describe as "uneasy" and certain features of our kindergarten work. Two more batches of teachers will arrive this week.

Sully, it was stated Tuesday, was behind the recent movement in the tallow market which has forced that commodity up 25 per cent within the last few weeks. Sully said on Tuesday night he was trying to corner the tallow market.

The girl's mother and the boy were standing near, but were not injured.

THE VETERANS' BALL.

A Delightful Climax to a Most Successful Confederate Reunion.

The ball given at the opera house Wednesday evening complimentary to the sponsors and maids of honor was a delightful climax to the reunion of the Florida Division, United Confederate Veterans, and proved a most enjoyable feature of the reunion.

The ball was largely attended, about forty couples participating, among whom were many of the old Veterans who threw their very soul into the function. One of the features of the ball was the old Virginia reel, which was participated in by General Fleming and other Veterans, and greatly enjoyed.

Dr. J. Harrison Hodges had the honor of leading the grand march, with Miss Alene Buckman of Jacksonville, the division sponsor, as a partner. This march embraced many difficult and beautiful figures, and is said to be one of the prettiest ever seen on a ballroom floor in this city.

During the evening refreshments consisting of sandwiches and coffee were served by the ladies.

Twenty numbers with two extras comprised the program, and it was after 2 o'clock when the strains of "Home, Sweet Home," warned the visitors that "23" had arrived.

Misses Buckman and Haile, as division sponsor and maid of honor, respectively, captivated the people of Gainesville by their cordial and pleasing manner, and many expressed the hope that there would be no change in the sponsor and maid of honor during the ensuing year.

The Annual Thank-Offering For the Orphanage.

Thursday, the 29th of November, is National Thanksgiving Day. It is to be a day of thanksgiving and praise to our Father for the many blessings we have received, and of prayer for the continuation of His mercies. On that day the people of Florida will meet in their churches and in their homes to worship and thank God for His many mercies bestowed on us through the year, and to pray that He may move us by His spirit to receive and to use these blessings for His glory.

As is our yearly custom, we come to you again and ask that the people everywhere in the State, whether you meet at your homes or at church, or wherever you may be, will send the Florida Baptist Orphanage a thank-offering.

It is the laudable custom of many to send gifts to the poor on that day. Please remember the orphans at Arcadia, and send to me any offering to help on your great work at this place.

While you are considering this important matter, please bear in mind that we sorely need another building, the lower story for a school room and the upper story as a dormitory for the boys. This building will cost about six thousand dollars. By a liberal thank-offering you can help us to do all we can for these children.

Send amounts to me as below.

Sincerely,
B. M. BEAN, Sup't.

Horseless carriages—Wireless telegraphy—Now lardless cookery

Improvement is the order of the age. There was a time when Lard was considered the only shortening. To-day, the only people who use lard for shortening and frying purposes are those who are not familiar with the virtues of *Cottolene*. It pays to be abreast of the times. *Cottolene* is not only superior to lard from a health standpoint, being a vegetable rather than an animal product, but it will make more palatable food than lard; and it is more economical than lard because, being richer, one-third less is required than of lard or cooking butter.

Lard cooked food is not digestible because lard is a hog-fat product. *Cottolene* makes food more digestible and healthful because it is essentially a product of nature and contains only that which is digestible, healthful, and a real means of sustaining life.

If your grocer is an up-to-date, progressive man, he will have *Cottolene* in stock. More than that, if he has ever used it in his own family he will recommend it in preference to lard or cooking butter. If he does not do this, it is only because he is unfamiliar with the virtues of *Cottolene*. Prove our claims to your own satisfaction by giving the product a fair test.

Give *Cottolene* a good, fair test, use it according to directions, and note the benefit to your digestion. You'll never go back to Lard.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

Lady of Bradford County Cutting New Teeth in Her 99th Year.

A strange case comes from Bradford county, near Sampson City. It is a case where Mrs. Marsden, now in her ninety-ninth year, is cutting an entire new set of teeth, something which has never been recorded before.

Mrs Marsden, notwithstanding her advanced age, is active, and is possessed of the most amiable nature. She has been a resident of Bradford county for more than seventy-five years, and is probably the most widely known resident of the county. She has a great many friends who have taken an interest in her, and it may be said that no person in the county is more popular from an individual standpoint.

The Cooper Medicine Company:

Gentlemen—I write to tell you the wonderful results that I have obtained from the use of the Cooper medicines. For five years I was an invalid suffering from a severe affection of the bowels. I was operated upon by skilled physicians five times in three years without any success and was given up to die. My weight dropped from 164 pounds to 100. I had heard so much of Cooper's New Discovery and Quick Relief but must admit I had but little faith in them. I decided however to give them a trial. The result was that in two weeks I was able to be out walking around. I continued the treatment until I was entirely well and now weigh 169 pounds. I cannot thank Mr. Cooper enough for his wonderful medicines.

THE CIRCUIT COURT.

More Than Fifty Cases Disposed of Without Empanelling a Jury.

The circuit court convened at 8:30 o'clock Thursday morning, but adjourned in few moments without having a case come before the court for trial.

In this direction this has been a most remarkable term, and something the like of which has never before occurred in any court in Florida. This being the first week, the civil docket was taken up for consideration. The jury was called and sworn, but so far more than fifty cases have been disposed of in one way or another, and not one juror has been impanelled. This is remarkable, but it is true.

Delightful Time at Central.

Editor Sun: There was an "awful row" at Central last Saturday, November 10. Fortunately no one was injured, but none of the participants were able to eat supper Saturday night.

The cause of the "row" first saw the light at Savannah, Ga., Nov. 8, 1831.

Nine years ago later, on Nov. 26, a second cause came into existence, and the two desiring to celebrate those memorable events, called together their six children with their respective families and such a row is seldom seen, except at any Grandpa's.

No visitors were present except Miss Inez Phinney, teacher of Shiloh school, and Miss Gracie Harrell, a pupil.

Grandpa J. C. Zetrouer is as good as Santa Claus any day, the children say, as they took possession of the broad hall and piazza and indulged in such a chance of playing, shouting and laughing that the distracted papas retreated into the shady yard to discuss politics or, perhaps, the dry weather, while the several mamas betook themselves to the dining-room, where they spread a most bountiful repast—bread and beef enough for a barbecue, some one remarked, together with game and fish, chicken, cakes, pies, salads, etc., necessary to complete the feast.

The noise did not abate until goodbyes were said, and all left Mr. and Mrs. Zetrouer to quiet meditation upon their combined birthday celebration.

Mr. Zetrouer is hale and hearty for his years, and still interested in topics of the day, while many an anecdote he tells the children of Civil War times and a Southern soldier's life, of which he knows by experience.

Such are the facts of the "row" as viewed by the

Cure Catarrh by Breathing Hyomei. Sold Under Guarantee.

The only scientific and commonsense way to treat catarrh of the nose and throat is by a local application that will kill the catarrhal germs.

Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs.

By breathing Hyomei three or four times daily through the neat pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane. J. W. The milk in the water cocoanut is a food as well as a beverage. The cart driven through the streets of Jamaica by the quaint old darky urging along his rebellious steed in the form of a native donkey is an interesting sight. One is amazed at the dextrous manner in which the vender takes the unripe cocoanut in his hand and deftly cuts a hole in the top, from which you drink the milk. Then you return the nut to the man, and with his machete he cracks it into three pieces and cuts a spoon shaped sliver from one side, from which you eat the white, jelly-like substance scraped from the inside. These are the unripe cocoanuts. When ripe the jelly hardens into the hard white substance to which we are accustomed.

THE WORLD AND A LIVING.

Do Not Be an Ingrate, an Enemy of Civilization.

A fifteen-year-old bell boy was arrested in Cleveland for stealing $8. When asked in court why he stole, he said, "Because the world owes me a living." No doubt the youth had heard this many times from older lips.

A vast number of people seem to think that God and the world are under great obligations to them and that the world owes them a living without any return service from them. Not long ago I heard a young woman say that she did not consider that she owed the world anything, that she was thrust into it without being consulted, that she proposed to get out of it what she could, with as little effort as possible, and that she did not feel under the slightest obligation to the past.

But did you never think, my idle friend, what you really owe the world for the privilege of living in it? Did you ever think that all the civilizations of the globe have been working for you through all the ages up to the present moment and that you are reaping the harvest of all the hard working, sacrificing, suffering, drudging sowers that have preceded you? Can you look the workers of the world in the face and tell them that you intend to have all the benefits of their labor, to enjoy all the good things of the world without doing anything to compensate for them?

Everything that has gone before you enters into your life and time. You enjoy the sum of all the past every moment of your life. Think of the untold thousands who have laid down their lives to make possible the comforts, the blessings and the immunities you now enjoy. Think of the rivers of blood that have been spilt, of the thousands who have perished or lived in the misery of prison and dungeon to purchase the liberties of speech and freedom of action which you enjoy today. How many lives have been lived in solitude and misery in order to develop sciences which are today beacon lights of the world!

If all the workers and all the wealth of the world today had been employed for thousands of years for your special benefit, to prepare for your reception upon the earth, they could not have provided a tithe of the comforts, the conveniences, the facilities, the immunities, the emancipation from drudgery, the luxuries which you found waiting for you when you were born and for which you gave not a penny or a thought, and yet you say that the world owes you this and the other and that you owe it nothing! Who are you that you claim a living from the world, when perhaps you have not earned the clothing you have on your back or the shelter which covers your head? Why should tens of thousands of people do drudgery and endure hardships and privations to produce all of the useful things, the beautiful things, the luxuries for you to enjoy without effort?

Is he not a thief, an enemy of civilization, who thrusts his arm into the great world's storehouse, pulling out all the good things he wishes and refusing to put anything back in exchange?—Success.

Ethics of the Laboratory.

A knowledge of chemistry is not the only lesson to be learned in the laboratory. I know of no other part of the high school or college that develops in so great a degree certain valuable qualities and habits. Cleanliness, accuracy, self reliance and consideration for the rights of others may be called the cardinal virtues of the laboratory.

The observant student learns soon after his initiation into the mysteries of the laboratory, or perhaps only after a few failures, that much of his work has been unsuccessful because he has not kept things clean. Everything about his desk and his locker must be spotless and always in order. This, by the way, is a fine opportunity for the boy that has never had to do anything for himself.

The student next learns that absolute accuracy is the royal road to success. His notes must be carefully taken and later must be as carefully extended, with special attention to systematic arrangement. Directions must be followed exactly—at least until the student has had experience sufficient to justify his making original experiments.—School Journal.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

The slang words are still being coined. Young men are never known by their own names and it is quite common, if one falls and breaks some rib, to call them "broken slats."

When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway. You have to trust him with your life.

THE NEWS FROM MELROSE.

Death of an Estimable Lady—Return of Hunting Party—Other Notes.

Melrose, Nov. 14.—We regret to announce the death of Mrs. S. A. Ford, one of Melrose's valued old residents, who died on Saturday morning after a short illness. Mrs. Ford has lived in Melrose for over twenty-five years, and during that time won the esteem and friendship of all who knew her by her true Christian spirit and ever readiness to help others when in trouble. She was an earnest and faithful member of the M. E. church. The funeral services were held on Sunday afternoon at the church, Rev. T. Sistrunk officiating, loving friends contributing an abundance of beautiful wreaths and other floral offerings. Mrs. Ford was blessed with a good and devoted son, with whom she made her home and whose wife was to her as her own daughter. The most heartfelt sympathy of the whole community is extended to Mr. E. T. Ford.

E. Whitney of Tampa, a former resident of Melrose, was in town greeting friends during the past week.

The Melrose contingent of Sheriff Fennell's hunting party returned Saturday evening tired, but happy, for their party had seven deer and numerous small game to their credit. Thanks are due to Dr. Frank McRae for generous contributions of venison to many of his friends.

A. A. McRae left yesterday for Gainesville, having been drawn on the jury for the present term of court.

N. Price has been busy during the past week shipping twelve and a half tons of cotton seed by the Steamer Alert to Jacksonville parties.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.' Sold by W. M. Johnson.

Karl Hau Further Remanded.

London, Nov. 15.—Karl Hau, alias Stau, the professor of Roman law in George Washington University, Washington, D. C., who was arrested here charged with murder of his mother-in-law at Baden Baden, was further remanded for a week at the Bow street police court this morning, the papers in his case not having arrived from Germany.

SAVED BABY LYON'S LIFE

Untold Suffering and Constant Misery—Awful Sight From that Dreadful Complaint, Infantile Eczema—Commenced at Top of his Head and Covered Entire Body.

MOTHER PRAISES CUTICURA REMEDIES

"Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery, in fact, there was nothing we would not have done to have given him relief. The family doctor seemed to be wholly incapable of coping with the case, and after various experiments of his, which resulted in no benefit to the child, we sent to Mazon, Ill., to a druggist and got a full set of the Cuticura Remedies and applied as per directions, and he began to improve immediately, and in about three or four days began to show a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered, with the exception of a rough skin, which is gradually disappearing, and eventually will be replaced by a healthy one.

"Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life, for he was the most awful sight that I ever beheld, prior to the treatment of the Cuticura Remedies. Mrs. Maebelle Lyon, 1826 Appleton Ave., Parsons, Kan., July 18, 1905."

COMPLETE TREATMENT $1

Complete external and internal treatment for every humor, consisting of Cuticura Soap, Ointment, and Pills, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and irritations, from infancy to age, when all else fails.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Send for "The Great Skin Book."

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

BOLL WEEVIL IN LOUISIANA.

Pest Has Made a Record-Breaking Migration This Year.

Baton Rouge, La., Nov. 15.—The cotton boll weevil was discussed by the Association of Official Entomologists of the Cotton Belt, which met in convention here Tuesday.

J. B. Garrett, assistant entomologist of the Louisiana state crop pest commission, said that in 1905 the migrating boll weevil in Louisiana had covered but 31 per cent of the cotton lands, but that during the present year it had bade a record-breaking migration, now covering 64 per cent of the cotton on which it can exist.

W. D. Pierce, special agent for the bureau of entomology of Texas, spoke of the parasites which destroy the weevil. He said that in the migration of the weevil from Mexico it had continually outstripped the movement of these parasites. On the other hand, wherever the weevil went it found new parasites, eleven varieties of these weevil destroying agencies having been met with in the state of Louisiana alone.

The weevil parasites, he added, are indigenous to the soil where they have been found. Although at present the percentage of parasites, as compared with the number of weevils, is infinitely small, Mr. Pierce said, and that it might be possible by cultivation of the parasites to so increase partially the weevil pest.

The Society for the Promotion of Agricultural Science also began its convention here Tuesday.

Closed Doors of Negro Bank.

Greenville, S. C., Nov. 15.—The Workingman's Savings and Loan company, of this city, the only negro banking institution in the state, closed its doors by order of the state bank examiner. Careless bookkeeping is said to be the cause of the embarrassment of the bank, although it is said some poor investments have been made recently. No run was made on the bank by depositors because they did not know of any pending trouble before the doors were shut. The capital stock of the bank is $14,000.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

A NEW TRUST.

The Beet Sugar Trust—The Great Western Sugar Company—thinks it has a cinch on the production of denatured alcohol from the waste pulp of the sugar beet, after the available sugar has been extracted. A fight between the whiskey trust and the sugar trust to control the market for denatured alcohol would give us cheap alcohol for fuel and light for a time, at least until the two trusts combined. But if the Beet Sugar Trust is successful in thus disposing of its waste product, what becomes of the argument that the farmers are to find a market for grain which will not pass inspection? Under Republican legislation it always seems to turn out that the farmers get the worst end of it and the trusts come out on top.

No wonder our good Uncle Joe Cannon, Speaker of the House at Washington, considers himself underpaid. While his job is fully as arduous as that of the Speaker of the British House of Commons, the latter gets, in the first place, a salary of $25,000 a year, and it carries the use of a magnificent residence in the palace of Westminster, overlooking the Thames, and various attractive allowances, perquisites and prerogatives. And when the holder retires, or is retired, he drops into a comfortable pension of $20,000 a year for the remainder of his life and a peerage. William Gully, the speaker who has just retired—a grandson, by the way, of a boxing expert, bookmaker and Derby winner celebrated in his day—now enters upon the enjoyment of these pleasant things. They treat their ex-statesman more generously over there than we do ours.

"In considerable fear," said a New York millionaire, "I once consulted Andrew Carnegie about a venture. The business looked as if it ought to be profitable; there seemed to be a public need for it. Still, there was some risk involved and I was afraid. But Mr. Carnegie laughed at my fears. 'If it is a good thing plunge in,' he said. 'Fear is old-womanish; fear is what keeps untold millions from making fortunes.'" When Benjamin Franklin thought of starting a paper in Philadelphia his mother, greatly alarmed, tried to dissuade him. She pointed out that there were already two newspapers in America.

After February 1, next, the American Bank Note Company will manufacture all United States postage stamps. Under a contract made public the concern must deliver 27,000,000 stamps daily six times a week. The American Bank Note Company made the first postage stamps for the government and held the contract up to thirteen years ago. At that time the government went into business itself by manufacturing the Columbian issue, and down to this day the bureau of printing and engraving has turned out all stamps.

Life is too short to be overshadowed by gloom. Let us live bravely and cheerfully, as well as industriously and dutifully. The true heart recognizes the duty of happiness and faces it with a certain courageous gayety that solves many doubts and scatters the clouds of woe and disaster. Let us cultivate the habit of cheerfulness and know that when we quench the innocent joy of a fellow creature by a word or a frown we are deliberately destroying a part of the world's most precious treasures.

Florists say that some flowers when made into bouquets together wilt in a very short time. Roses and mignonette, for example, are so destructive to each other that they will not last through a dinner. It is possible that the sweet scent of flowers was once a deadly odor which killed other plants likely to grow in the same soil, and thus protected the plant giving it out.

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found in Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process developes in the tobacco the stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

Hundreds of imitation brands are on sale that *look* like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco *you* are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound in 5c. cuts, strictly 10 and 15 cent plugs.

The fateful word comes echoing from London that whiskers are once more to be the fashion. The last decade has unquestionably been that of the clean shaven—clean-shaven except possibly for the mustache, and even mustaches have been growing fewer.

DYSPEPSIA

"Having taken your wonderful "Cascarets" for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to "Cascarets" for their wonderful composition. I have taken numerous other so-called remedies but without avail and I find that Cascarets relieve more in a day than all the others I have taken would in a year."

BEAUTIFUL GIRL ENDS HER LIFE

Ill and Nerous from Over Study, Miss Mary Stanford Commits Rash Act.

Concord, Ga., Nov. 15.—Physically weakened from continued ill health and possibly in a state of mental aberration when the deed was committed, Miss Mary Stanford ended her life at the home, in this city, of her parents, Mr. and Mrs. E. J. Stanford.

She was hardly more than a child, being but 15 years of age, and the day before complained to her teacher of feeling very badly. On leaving the house for school, she protested that she felt so badly she feared she could not spend the whole day at her studies. Shortly afterwards she returned to her home and fired a bullet into her brain.

The family is a prominent one in this section, and the death of the girl is sincerly lamented. She was bright and attractive and a universal favorite among her playmates. She had been ill for some time, and her persistence in her studies had further endangered her frail health.

Her father is a wealthy citizen of this section and the owner of several large farms. Her brother, Henry K. Stanford, is a well known and popular young man of Atlanta, holding the position of market reporter on the Constitution.

While funeral arrangements have not been definitely determined upon, the interment will probably take place Thursday.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Fatal Collision on 'Frisco Line.

Fort Worth, Tex., Nov. 13—Early Sunday morning a north-bound 'Frisco passenger train collided with an engine standing on a curve at the edge of the city limits, killing Fireman Joseph D. Wilkinson and probably fatally injuring Engineer Robert Fowler and three other members of the passenger crew. None of the passengers were injured. No explanation of the presence of the engine at the point where the wreck occurred has been made. An investigation is under way.

Had His Head Split Open.

Houston, Tex., Nov. 13.—The body of George Gostick, a storekeeper, was found at the gate of his home at Houston Heights, with his head split open and an ax lying nearby. The officers have arrested four negroes on suspicion. It is presumed that robbery was the motive, as he had money when he started home, and none was found on the body.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

New York Central in Court.

New York, Nov. 14.—The New York Central railroad will be called to the bar again before Judge Holt, of the United States court, to answer supplemental indictments for the alleged granting of illegal rebates. The American Sugar Refining company will also be arraigned as a defendant on several counts in the same proceedings.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Tippen Has Surrendered.

Rome, Ga., Nov. 15.—Robert Tippen, who shot Charlie Cofield at Lindale, about 10 days ago, at a dance, from the effects of which Cofield afterwards died, surrendered to Sheriff Byars, and was lodged in jail. Tippen will plead self defense at his trial. He has already employed his counsel to defend him.

Father Saw Son Fall to Death.

West Point, Ga., Nov. 15.—The young man by the name of Bob Griffith, who fell on the running machinery in the Lanett cotton mills, is dead. The only eye-witness to the accident was the father, B. F. Griffith, and he is unable to tell how the accident happened.

Social Tragedy

Women Who Brave Death for Social Honors.

In the midst of one of the most brilliant social functions of the season, a noted society woman started suddenly from her chair with a scream of agony and fell insensible to the floor.

A few hours later the distinguished physician told her anxious husband that she was suffering from an acute case of nervous prostration brought on by female trouble, and hinted at an operation. Fortunately a friend advised her to try

Lydia E. Pinkham's Vegetable Compound

The result was that she escaped the surgeon's knife and to-day is a well woman.

The derangement of the delicate female organism sets every nerve in the body quivering with pain. Headaches, backaches, torturing bearing down pains and dragging sensations make women nervous and hysterical.

DEAR MRS. PINKHAM: — I was troubled for eight years with irregularities which broke down my system and brought on extreme nervousness and hysteria. I could neither enjoy my meals nor sleep nights, became easily irritated and nervous and very despondent. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. After taking the third bottle, my general health began to improve. At the end of the fifth month I was well and could attend to my household and social duties and enjoy life. MRS. CHESTER CURRY, 42 Saratoga Street, East Boston, Mass.

Mrs. Curry, whose portrait appears on the right, is the leader of the Ladies' Symphony Orchestra. The following letter is from Miss Goode, President of the Bryn Mawr Lawn Tennis Club of Chicago:

DEAR MRS. PINKHAM: — I tried many different remedies to try to build up my system, which had become run down from loss of proper rest and unseasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since. MISS CORA GOODE, 355 E. Chicago Ave., Chicago, Ill.

Mrs. Pinkham's advice is free to all. Her address is Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

She Killed Him to Save Herself.

Birmingham, Ala., Nov. 16.—Mrs. A. L. Pelham, who shot and killed her husband at Gelmore mines and was held to the grand jury for murder by Justice Tharp, at Adager, was brought here and placed in jail. She says that her husband came home intoxicated and beat and choked her. "He then seized a double-barreled shotgun," says Mrs. Pelham, "and was about to shoot me, when I picked up a 38-caliber pistol and shot him dead. He was in a fury of anger and I knew him well enough to know that he would have killed me had I not killed him first." Mrs. Pelham and her husband had been married seventeen years.

There's No Use.

Talking, you can't beat Herbine for the liver. The greatest regulator ever offered to suffering humanity. If you suffer from liver complaint, if you are bilious and fretful, it's your liver, and Herbine will put it in its proper condition. A positive cure for constipation, biliousness, dyspepsia, and all ills due to a torpid liver. Try a bottle and you will never use anything else. Sold by W. M. Johnson.

Gourdain in Dying Condition.

New Orleans, Nov. 15.—The fact developed Wednesday that Louis A. Gourdain, alleged adventurer and a schemer, famous for his efforts to have himself confined in Joliet prison, despite the efforts of his attorneys to keep him a free man, is in this city, and is said to be in a dying condition.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Bussel of Milton, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

Girl Killed by Hunter.

Columbus, O., Nov. 15.—Myrtle, the 13-year-old daughter of William Neel, who resides near this city, was shot and killed near her home by an unknown hunter. The little girl had gone to the rural free delivery box, which is a quarter of a mile from the residence, and was shot in the left temple.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of this, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

One Man Killed and Three Injured.

New Castle, Pa., Nov. 15.—One trainman was instantly killed and three seriously injured when a fast east bound passenger train on the Pittsburg and Lake Erie railroad crashed into a wagon heavily loaded with saw logs on a grade crossing at Edinburg, Pa., six miles west of this city.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your Liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

WANTED

Every Man, Woman and Child in Gainesville

to call at our store for the greatest strength creator and health restorer which we have ever sold—Vinol. It is not a patent medicine, but the most valuable and delicious cod liver preparation without a drop of oil to nauseate and upset the stomach and retard its work.

We do not believe there is a person in this vicinity who cannot be benefited by Vinol at this season of the year. Vinol is delicious to the taste, and it is recognized as the greatest strength creator for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol is unequalled for hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Creates an appetite and makes those who are too thin, fat, rosy and healthy.

We have had no such experience with Vinol and seen so many wonderful results from its use that we offer to return money without question if it does not accomplish all we claim for it.

Can anything be more fair than this? Try it on our guarantee.—W. M. Johnson, Druggist.

NOTE—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

WALTER ROBINSON'S WILL.

Was Filed For Probate, But Sent North For Identification.

The will of Hon. Walter G. Robinson, recently deceased, was handed into the office of County Judge Mason a few days ago for probate, but upon request of the relatives of deceased, the same has been sent to Providence, R. I., for identification of signature, etc.

While no note was taken as regards the amount embodied in the will, it is understood that the paper provides for the distribution of about $200,000. No record was made of the will in the county judge's office at the time the will was entered, and it will be impossible to arrive at the exact figures and proportions until the document has been returned.

At The Opera House.

The Wills Musical Comedy Company presented "Two Old Cronies" at the opera house to a fair sized audience last night. The play was one full of merriment and mirth, well presented, and those who attended were well pleased with the production. The company is as good as has ever been seen here in its line, and was appreciated by those who appreciate this kind of a play.

The company will appear again tonight, presenting the musical comedies, "Mary and John" and "The Christening." The company deserves a good house, and will no doubt enjoy a better patronage this evening.

A number of our young people having attended the ball the night previous, were too much exhausted to attend the show last night.
